New Workshop dates in Basel

We are happy to announce that all new workshop dates are now set for the upcoming months at the [Allegra Club](http://www.allegra-club.ch) (www.allegra-club.ch)

So save the dates:

10th March, 14th April, 5th May and 9th June!

During the fundamental class we will go back to the beginning, so no previous experience required, if you wanted to get into west coast swing this is the place to be. We cover the main principles and the basic patterns. If you have already done a fundamental class with us before, you can repeat the class for 15CHF (half price) any time.

The second class, "Techniques & Figures" are a bit more complex patterns and you would need to know the basics for this. Every month we come back with new patterns to learn.

Please send your interest/registration to westcoastswingbasel@gmail.com so that depending on the participants we can develop a program you gain the most.

Classes in Zurich

You can also find us as guest teachers in Zurich at the Club Silbando. Beginner class starts at 7pm and is 45 minutes long. After half an hour practice, there is a more advanced class starting at 8.15pm to 9pm, followed by free dancing till 11pm – you do not need to register just turn up. Meet new people and dance with more experienced dancers. :-)
